Short description

In our association we have children with several mental issues (mainly moderate, severe and profound retardation).

School was found at 1968.

We are currently taking care of ca. 200 children (age 7-25)

Programme call

Erasmus Plus Youth

Project title

Let's talk

Description of project idea, incl. theme and activities

We are looking for associations working with children with intellectual disabilities to jointly apply for money from the Erasmus Plus Youth Program. We want to focus on communication. Children invent about what they want to talk with colleagues from other countries, and when we meet - talking with gestures and a system of signs.

Children will also show round fellow in interesting places in them area.

Effects meetings will be reportages from from youth exchanges, and touristic guide

for intellectually disabled about interesting places. Reportages and guides will write signs of AAC (for example PCS)

Foreseen project duration

1-2 years

Deadline

End of May 2015; We have to change the information, in order to have the time to prepare a good application for financing our partnership.

Describe the type of partners you are looking for

Associations dealing with children with mental issues (mainly moderate, severe and profound retardation).

Country – all

Partners' role

Exchange of information, reporting topics for discussion, praising the achievements, advise of other partners, visiting and invitations partners to himself.

Any information which would be of interest to your partner

We can boast the use of AAC, editions of PCS-system newspaper and e-books, arttherapy and cooperation professionals working with children.
