

PARTNER SEARCH

Funding Call or Programme	Sport: Non for Profit European sport events not related to the European Week of Sport 2015
Proposal	<p>The Inter FE Games is a sport competition held for further education level students (aged 16-19) each year in Hertfordshire. We would like to expand the event to include students and staff from other EU countries to participate, and furthermore, to share ideas of how involvement in sport in further education can assist in preparing young people for the labor market.</p> <p>The competition is not for elite performers, but for those who typically have very little experience of competition. The event will be attended by both athletes and further education college staff.</p>
Aims, Objectives, and expected results	<ol style="list-style-type: none"> 1. To expand the current Hertfordshire Inter FE Games to include young competitors from EU further education colleges 2. To plan, organise and deliver a number of themed workshops as part of the event in the UK, highlighting the importance of sport to enrich student experience and wellbeing 3. To share examples of how involvement in sport during further education can assist the preparation of young people for the labor market 4. To provide a platform from which strategy surrounding the implementation of further education sport in Europe, both curricular and extracurricular can be influenced and informed in the future
Lead Partner	University of Hertfordshire (Herts Sports Partnership), United Kingdom
Which kind of partners are sought	Further Education colleges within Programme Countries
Deadline for receiving responses	1 May 2015
